

## NATIONAL LEVEL ONLINE WORKSHOP ON ANALYTICAL INSTRUMENTS

Course Description	Date	Time	Fee
AAS & HPLC	21.09.2020	12.00 AM to 1.00 PM	Rs. 200/-

Ultra and High performance liquid chromatography is a powerful technique in analytical chemistry to identify, analyze and to separate a specific valuable compound from a mixture, commonly used in all pharmaceutical research and development.

Atomic Absorption Spectroscopy (AAS) is a spectroanalytical procedure for the quantitative determination of chemical elements using the absorption of optical radiation (light) by free atoms in the gaseous state.

The course provides basic concept along with explanation of each instrument parts of WATERS HPLC and AAS system. Upon completion of this webinar, interested students can write to us for engaging in hands-on training at a later date, post COVID.

**Eligibility** : Graduates / Students pursuing B.Sc. / M.Sc. / B.Tech / M.Tech / Research scholars / Faculties in Life science, Biotechnology, Microbiology.

**Registration fee** : Rs. 200/-
